'As we look not to the things that are seen but to the things that are unseen. For the things that are seen are transient, but the things that are unseen are eternal.' 2 Corinthians 4:18

Hopefully you will all have had time now to admire the amazing Spirituality poster that Emerald Class with Miss Kelleher have created. Please do take the time to read the delightful pupil messages and illustrations depicting what spirituality means to them. To make conversations about spiritual flourishing more accessible to every member of our school community, St. John's Church of England Primary School has chosen to use the following shared understanding of spirituality and spiritual development ...

Look up! Look down! Look all around!

We understand spirituality as the connection between our inner selves, with God and with everyone around us. It is something we feel but cannot touch! Cultivating a healthy spirituality is a journey we take through our vision. We look up as we draw strength and guidance from the Bible and Christian practices, grounding us in our beliefs and spirituality. We look down as we explore the world around us with wonder and appreciation, while also reflecting on our experiences to build resilience and courage, and to ponder life's deeper questions. We look all around as we seek to understand the impact and meaning of our lives on others. It is this impact on others that we as the entire community of St. John's, hope we make a real difference.

This leads me on to talk about our final fundraising activity that will take place next Friday the 7th February in aid of funding the Protected Spring in Uganda. We are calling it a Numbers' Day and want to see all pupils expressing their creative skills by dressing up as a number. In keeping with our sustainability drive across the entire school community, we would like every pupil to reuse and recycle by creating their own outfit for the day. We would appreciate all donations via the donate button on the website or £2 at the gate on Friday. School Council will be collecting the donations at the gate. Please make every effort to support this initiative as so far it has been a fantastic response and has impacted so many lives in Uganda.

The following meetings and events will be taking place this term:

Sports' News

On Wednesday 29th we played St. John's Prep in a tough football game.

When we got there the pitches were soaking wet but we still endured. In the first half it was a tricky battle and there were no goals for both teams. It was really hard due to the senior school coming and chanting, trying to overwhelm us.

In the second half, we came back with more aggression with all the positions working hard and after persevering throughout the half we came off the pitch winners, 4-0. Our coach, Mr Pople, messaged Mr Law and said it was the best team performance so far this season.

Well done to Emmanuel for his goals and Laurence for his player of the match performance. On to the next round!!

INFORMATION

Absent Procedures

Please may we remind parents/carers of the following if your child is absent.

- Please telephone or email the school office on the morning your child is absent.
- On the return of your child's absence a letter with an explanation needs to be brought into school or you can email the school with the reasons.
- If your child is absent for more than 3 days then we do require medical evidence, otherwise this will be an unauthorised absence.

- Return the supplementary forms to the school office as soon as possible.

RUBY CLASS

This week, Ruby Class has been buzzing with imagination and excitement as we explored the inspiring story *Change Sings*. As part of the whole school's focus for the Catriona Fathers Writing Award, the children worked as a team to create a large-scale painting of "our perfect world." Their masterpiece featured ice cream trees, oceans of rainbows, and skies filled with lollipop rainclouds. They even included our school and church—a beautiful reflection of how St. John's is becoming such a special place in their hearts.

In maths, we've been diving deeper into our understanding of numbers to ten with lots of interactive and practical activities. Taking advantage of yesterday's sunshine, we moved our learning outdoors, where the children had a wonderful time reading 1:1 in the fresh air.

Although we've had a few coughs and sneezes going around, Ruby Class has kept their spirits high and their smiles shining.

We couldn't be prouder of their enthusiasm and resilience this week! *

Best wishes, Miss Kelleher, Ms Dall'Aglio & Mrs Dall'Aglio mimi.kelleher@stjohnsprimarysch.org.uk

SAPPHIRE CLASS

It has been wonderful to see the children engaged and enjoying their learning!

English – As part of Catriona's writing competition, the children in Sapphire Class are working hard to prepare a powerful speech/song all about changing the world into a better place. We have been practising the song that we have composed together, which has been a fantastic process! It has required skilful writing with lots of interesting adjectives, noun phrases, command verbs and careful punctuation. The children have been putting their creativity and teamwork to great use, and it has been truly inspiring to see how they are bringing this vision to life.

Maths – We have been exploring various strategies to record and interpret data, including tally charts, block diagrams and pictograms. The key mathematical vocabulary for this unit includes *data*, *compare*, *most*, *most popular*, *least*, and *difference*. Please encourage your child to explain what they have been learning—this will help build their skills in explanation and develop their reasoning abilities. They will gain confidence by explaining their thinking.

Science – Sapphire are learning about 'Everyday materials', they are learning to identify, classify and describe the everyday materials around them, such as wood, plastic, metal, glass and fabric, as well as exploring their sources, manufactured and natural.

Religious Education – As part of our RE unit on Christian promises to God, we re-enacted the religious rite of baptism, with the children taking on different roles. This activity helped them better understand the concept of baptism and the transformation it signifies in the Christian faith. Emmanuel from Emerald Class also was invited to share his personal experience, as he was recently baptised, adding a meaningful connection to the lesson.

In **PSHE**, we are currently developing our understanding of 'Goals and Targets' in life, exploring how to set them and how realistic they can be. This is helping the children think about their aspirations and the steps needed to achieve them. Geography, In Geography, we are learning about arable and pastoral farming as part of our unit on *where our food comes from*. This is helping the children understand where different types of food originate and how they are produced.

DIAMOND CLASS

We are just over halfway through the academic year now and time is flying by! Every day I can see Diamond Class growing in all areas of school life and it is great to see.

This week in English we have been looking at an amazing book by the USA's first youth poet laureate, Amanda Gorman. She has shared a message about the importance of working together to change the world. What is so special about this book is that all classes are doing it too, so we are all working together for a brighter future. The children have enjoyed thinking of ways to make the world better including planting trees and turn off lights when we aren't using them.

In Maths, we have been investigating properties of 2-D shapes and making sure to practise our ruler skills. We found out there is often more than one way to draw a shape by changing the length of the sides or angles.

The children loved Art on Monday. We got to explore the medium of clay, and we have created the top of our sarcophagus using many different techniques. We will carry on next week, having a go at creating the bottom.

We have also been exploring the inside of a laptop in Computing, investigating all the different components and their functions. These have been tricky to get our heads around, but the children have come up with actions to help them remember them which is fantastic. We also looked into Online Safety and how we should be behaving online. We learnt what to do if there is something that is not right (Stop, Leave, Tell).

I was very impressed by those children who have completed their TTR over the weekend, I set the children a challenge to see who would reach the top of the leaderboard over the weekend to help boost engagement. I will be running that going forward as it was great to see some new rockstar faces on my display.

If there are any questions do not hesitate to get in touch. TTR and MyMaths is set as usual. Have a lovely weekend,

Miss Anderson & Miss Ozgen lauren.anderson@stjohnsprimarysch.org.uk

EMERALD CLASS

Four school weeks into the new half-term and the children are displaying really great focus and commitment to their learning. I was exceptionally pleased with all of the year 6 children who attended our booster session on Wednesday. We were really able to iron some of the challenges the children were facing with their arithmetic, including the age-old classics - long division and finding percentages of amounts. By the end of the session the children had really grown in confidence but we will keep re-visiting this so that they are sure about the concepts.

In design and technology, we have been continuing with our topic based on musical instruments. Next Monday, 3rd February is a big afternoon as the children will be bringing together all of their knowledge and planning and creating/making their masterpiece. This means everybody needs to be armed with all of their recyclable resources which will enable them to follow their plan and construct their instrument.

In history we have continued studying the Tudors. The children are constantly asking for the Henry VIII song about his wives but it is a great way to remember their fate- divorced, beheaded, died, divorced, beheaded, survived!

Please watch out next week for permission slips as we have a tag rugby tournament a week on Monday and a football tournament the next day.

Hope you have a relaxing weekend and England are successful against our Irish counterparts in the rugby.

Does your child find it difficult to attend school for emotional reasons?

Join the Educational Psychology Service for a new interactive online workshop designed for parents and carers.

This year, we are introducing case discussions to provide practical, solution-focused support for families experiencing challenges with emotionally based school non-attendance (EBSNA).

In this session, we will:

- Collaboratively reflect on current challenges with other parents and
- Explore practical, solution-focused ways to support children and young people experiencing EBSNA
- Share strategies that have worked well for families
- Consider how to engage effectively with schools to support your child
- Identify what help and support are available
- Connect with others in a safe and supportive space.
